

Stable Block

Waun Las

Double Walled Garden

Ghost Forest

Bee Garden

Take a magical mystery  
tour around the Garden

## 1 Bee Garden

Bees wiggle their body to tell other bees where to collect nectar and pollen. In our **Bee Garden Observation Hut**, you might be able to see bees do their wiggle dance - the screen might help you. What sort of wiggle would you do to tell people how to get to the Great Glasshouse?

## 2 Dipping Pool

In the centre of the **Double Walled Garden** you'll find a pond. Can you see the silver fishes under the water? Well, if you throw a silver coin into their pond, they'll grant you a wish (to make your wish come true you mustn't tell anyone what you wished for).

## 3 The Lady of the Lake

Go into the **Apothecary's Hall** (it looks like an old barn) and look for this plaque on the wall. Now try and spot the difference between the two ladies who emerged from Llyn y Fan Fach. In the legend of the Lady of the Lake, the farmer who could spot the difference got to marry the woman he fell in love with.

## 4 Kisses

Would you like to see how people pucker their lips to kiss? In our **Stable Block** courtyard you'll find a sculpture made from the casts of people's lips. Maybe it'll inspire you to kiss someone you love.

## 5 Fairy Woods

Go to the Fairy Woods and you'll discover a colourful mix of fairy houses, secretive fairy doors, spooky tree eyes and even fairy washing lines. Keep your eyes and ears peeled and you might even spot a fairy or two...

## 6 Dewi The Dragon

Some people think this dragon flew down here after visiting Llyn y Fan Fach, the mythical lake on Carmarthenshire's Black Mountain. Go and give Dewi a pat on his wing to make him feel so loved that it doesn't fly away.

## 7 Echo Spot

Go up the steps from layout of the old Middleton Hall, and use this picture on the right to find the 'central eye' of the cobbles on the ground. Stand here and shout out your name – you should hear something surprising.

## 8 Tarw the Welsh Black Bull

Impress your friends with your bravery – have yourself photographed next to this magnificent beast of a sculpture. Even better, go and have a look for real Welsh Black cattle on our **Waun Las NNR**, just down the hill from here.

## 9 Sleeping Tree

If you fancy a lie down, look for the Dahoma tree in the Ghost Forest. Ghanain hunters and farmers use the big spaces amongst its roots to crawl into and sleep. Dahoma in Ghana is translated as **Da** = sleep; **Ho** = there; **Ma** = provides or gives. So find the sleeping hole and pretend you're a tired hunter.

## 10 Healing Stone

Come and touch the Preseli bluestone – it's the same type of stone that forms a ring inside Stonehenge. The ancient Celtic people believed Preseli bluestones were healing stones so if you're feeling a bit delicate or even grumpy, give it a hug.
