

For further information and booking please contact Elin on

education@gardenofwales.org.uk or **01558 667150**

Our educational programmes are normally 1 1/2 hours each and if needed we will allocate you a lunch space, or you can have a picnic. All of our programmes are curriculum linked and our staff work with Curriculum for Wales 2022 helping to build the new curriculum.

If the programs do not match what you need we can customise them or develop a program specially for your pupils.

If you want to visit and to lead yourself, that is no problem, we can supply you with self led trails, or you can use our teachers to deliver 1 or 2 programmes.

The costs, as of Autumn 2022, are;

Self Led £4.20per pupil + VAT

1 Program £6.00 per pupil + VAT

2 Programs £9.00 per pupil + VAT

These prices are subject to change

BBOP lesson is £9 + VAT & Meet the Birds of Prey is £6 + VAT

For Pizzas & Foodmiles Pizzas carry extra cost POA

Most schools arrive at 10am and leave at 2pm, depending upon where you are travelling from.

We are used to working with pupils with SEN and BESD issues, our classrooms are fully accessible and the calming environment means pupils who struggle in the class enjoy their visits.

Our skilled staff are flexible and have a wealth of experience working with the full spectrum of educational settings.

For other enquiries please contact Paul Smith, Education Development Manager
paul.smith@gardenofwales.org.uk

We look forward to your visit

Many thanks to Tim Jones Photography for the use of many lovely images.

National Botanic Garden of Wales

Primary Education Programmes

2022/23

Reception and KS1

We appreciate that many of our younger visitors have different educational requirements, we have many activities specially developed for them and most of our other activities can be customised for them.

Meithrin & Foundation Learning Activities at the National Botanic Garden of Wales

Butterfly Life Cycles

Suitable for	
Reception	✓
KS1	✓
KS2	✓

Play an interactive game helping a caterpillar's metamorphosis into a butterfly and discover why they are so important. Meet the butterflies in Plas Pili Pala and learn about their lifecycle. As part of this program each school will receive an InsectLore kit to raise your own butterflies.

For more information contact education@gardenofwales.org.uk 01558667150

Educational Events at the National Botanic Garden of Wales

6-15 March **British Science Week 2020**

Great Science Share For Schools

16 TH JUNE 2020

It's our 5th birthday - how will you make this Great Science Share for Schools the greatest?

This annual campaign inspires young people of 3-14 years to communicate their scientific questions and investigations to new audiences.

3 core values

- CHILD-FOCUSED SCIENCE COMMUNICATION
- INCLUSIVE AND NON-COMPETITIVE
- PROMOTES COLLABORATION

Simple and adaptable - events can be any size and hosted by schools, industry, universities, STEM organisations and many more.

Stardust Hunters 2020

Star Parties

Gardd Fotaneg Genedlaethol Cymru

CPD

We deliver high quality and unique outdoor education, horticulture, fire lighting, tool use, primary and secondary science & environmental education training to a variety of groups from 1st year BEd secondary PGCE, meithrin leaders and teachers. We are helping to shape the new Curriculum for Wales and can tailor our expertise to your needs. We do not offer a large file full of impractical ideas but will empower you to deliver experiences that your pupils will enjoy and remember.

Schools and Learning Activities at the National Botanic Garden of Wales

Biodiversity CPD

Suitable for

Meithrin	✓
Foundation	✓
Staff	✓

Using current data from the National Botanic Garden of Wales you will learn how to sample the plants in your school grounds and from this we can calculate how many kilometres a bee could travel on this information. Then how could you improve the biodiversity (and bee kilometres) of your school.

#GardenOfWales
[@WalesBotanicEdu](https://twitter.com/WalesBotanicEdu)
[@walesbotanic](https://www.facebook.com/walesbotanic)

We are rooted in Wales and we are the National Botanic Garden of Wales, we preserve native Welsh plants and landscapes. Our programs promote Welsh legends and stories such as the Physicians of Myddfai and uses herbs to create traditional natural remedies .

Schools and Learning Activities at the National Botanic Garden of Wales

Plants in Medicine

Suitable for	
Reception	✓
KS1	✓
KS2	✓

Explore the medicinal uses of our garden plants and herbal remedies to create a potion to cure your teacher of their unusual ailments and explore the apothecaries hall and garden.

For more information contact education@gardenofwales.org.uk 01558667150 #GardenOfWales @WalesBotanicEdu @walesbotanic

Schools and Learning Activities at the National Botanic Garden of Wales

Rebecca Riots

Suitable for	
Reception	✓
KS1	✓
KS2	✓

Recreate the Rebecca riots, learn about taxes and the Drovers and meet our sheep. Discover how the Botanic Gardens had a direct link to this turbulent time in Welsh history. You will dress up, pay the toll fees and then riot in order to really grasp what drove the farmers to protest.

For more information contact education@gardenofwales.org.uk 01558667150 #GardenOfWales @WalesBotanicEdu @walesbotanic

Schools and Learning Activities at the National Botanic Garden of Wales

Life on an Historic Estate

Suitable for	
Reception	X
KS1	✓
KS2	✓

Discover what life was like for the Paxton family, how they lived during the Regency period, including the servants and children. You will learn about the significance of the Ice House, the Double-Walled Garden, the Stable Block, Paxtons Tower & Tŷ Melyn. Play with toys from the period, take part in games and activities and compare them to today.

For more information contact education@gardenofwales.org.uk 01558667150 #GardenOfWales @WalesBotanicEdu @walesbotanic

Schools and Learning Activities at the National Botanic Garden of Wales

Meet the Birds of Prey

Suitable for	
Reception	✓
KS1	✓
KS2	✓

Visit our native Birds of Prey in their homes and learn about each species, where they live in the wild and what they eat. See the birds show off their amazing flying skills at 11.30am, 1.30pm and 3pm, while the presenter tells you more about them.

For more information contact education@gardenofwales.org.uk 01558667150 #GardenOfWales @WalesBotanicEdu @walesbotanic

Schools and Learning Activities at the National Botanic Garden of Wales

Charcoal Enterprise

Suitable for	
Reception	X
KS1	✓
KS2	✓

Learn how to make charcoal over an open fire, then make your own to take away and use. Work with our staff on the Charcoal Retort and with our team to sell this product so you can raise money for your school.
